The Middle East and David Amos spam

Oh dear, so our "amerkan friend" thinks that the "war drums" are beating on "Parliament Hill" for a war with Iran. So while David Amos thinks or hopes Denis Coderre will phone or e mail him, whilst Denis' political career has evaporated, the Liberal Party of Eastern Kanada has self-destructed. The NDP has become ever more so irrelevant, and if the NDP did force a election it would have lost between 10 and 15 seats. Indeed the ONLY people in Canada that want or wanted an election is us Tories, the Canadian electorate did NOT.

The Liberal Party of Eastern Kanada has always been ambivalent, if not pro-Palestinian in its view and policy. The Bloc Quebecois has a long tradition of being openly anti-Semitic. The Tories are indeed pro Israeli and, if anything is the right geo-political position for Canada to take.

In 1936 through 1939 the "western powers" decided that peace could and would be obtained through appeasement with Nazi Germany. Neville Chamberlain's "I bring you peace in our time" encouraged and enabled the Nazi's to bring the world most terrible war of time.

"Those that do not learn from the mistakes of history are condemned to repeat them". So as a long dead socialist once said, "what is to be done"?

What the "great unwashed and uneducated" do NOT know is; Iran is a threat to moderate Arab States and, that Iran even now exports a most virulent form of Islamic fundamentalism even NOW. OSINT (open source intel) suggests that IAF, NATO and USAF air forces have already secured Arab overflight permissions if a pre-emptive strike is deemed required.

The Iranian nuclear threat is NOT merely a threat to Israel and the wider Middle East. Iran is equipped with Shihab IIs, IIIs, IVs and very soon if not now Shihab V ballistic missile systems that can take EU capitals and US interests under fire.

In some ways this destabilization is a reprise of the Communist actions of the Cold War era and the Cuban Missile Crisis. Iran's nuclear technology is being aided by the Russian (and others) and the missile delivery platforms are being provided by North Korea /China.

Western Powers over the last several years has spent billions upon billions of dollars to encourage and cultivate the population of Iran to revolt against its tyrannical Islamic regime and thus recent events in Iran are indicative of that.....but that has not reduced the threat, it grows.

Current and past efforts to create a "regime change" have yet to bear fruit, yet they have come close.

Now the current Iranian regime is bring this geo-political and military situation past the point of critical mass...and the pre-emptive strike that was seriously

contemplated and trained for a year, year and a half ago..may well be imminent.

A year ago a pre-emptive strike on Irans nuclear facilities even using a variety of conventional and special weapons including B61-11s (low yield tactical nuclear weapons) civilian colateral dammage would have been very minimal. Now that is NOT the case. Iran's nuclear facilities are more hardened, more dispersed and there are now more of them. Iran's people will pay the price of their "government's" nuclear ambitions with their lives.

Iran's "Mad Mullahs" have said that "Israel must be wiped off the map", and "it is the duty of every Muslim to destroy Israel and to kill Jews"...That Jihad is a religious duty....Alas this Islamic regime by threatening Israel, the wider Middle East,world-wide American interests, and the EU...encouraged by China and Russia...will ensure the martyrdom of millions of Iranians.

This is 1939 all over again....Iran will be stopped this time. Notwithstanding David Amos' insane hyperbole and really annoying spam ...Canada may well have a small and insignificant role in all this..NATO and our "amerkan cousins" will indeed let us know what ...and no matter what party was to form or forms government...it will simply acquiece to "our allies" bidding

So now lets deal with our pedophile Yank anti-Semite So, let's clear things up for the further education and enlightenment of our "amerkan friend" , convicted felon and one time ward of the state ...David Amos. That reminds me, David do your abused kids know their father is an anti-Semite...They say that sexually abused kids are abused because their parents were abused. Do your kids fuck their kids? Did YOU know who your father was?. Or for that matter did your mother know who your father was? Did your father fuck YOU in the ass?

So our butt-fucked sick animal David Amos hates Jews and "nasty zionists". Well David, Zionism is simply Jews going home. In fact 2000 years preceeding the Birth of khrist...there was a Jewish State that was larger than Eretz Israel is now. There never in recorded human history was a nation state or ethnicity called "palestine" or "palestinians"...There are 24 Arab states in theMiddle East. Quite frankly I see NO need for a twenty-fifth.

YOU never lost money to "your so-called Jew bankers, and or banks" because YOU never had ten cents to your name in your entire perverted life...So where does all your racist hate come from? Bernie Madoff was NOT a "nasty zionist" Bernie Madoff is, was a Jewish thief...who YOU never met, never knew and will never know. And notwithstanding the crap you spout to try and get on second rate "puter" radio show in the US put on by perverts like you...neither have I met Bernie Madoff.

So you spend your day instead of earning a living, by trying to find any "puter" "talk show" anywhere to tell "everone what great amerkan patriot" you are and how you were "made homeless by the gawdamn US govmit"....

So just what the FUCK does an ersatz "klansman" and "poseur proud kanadian" have to with corruption and being a phoney "whistleblower in New Yawk State?"

NO ONE listens to you. The New Brunswick medical fraternity tells you to fuck off. The Atlantic Canada radio talk show circuit tells you to fuck off. CBC tells you to fuck off, the New Brunswick legislature has banned you from the building.

David ...your "father" fucked you, you fuck your kids and other children and your kids fuck your grandkids...I think they call that poetic justice Posted by Seren at 11:14 PM

Clearly you have no idea who you are fucking with pussy. However it seems that your RCMP buddies have to move your number one fan Dana Baby Durnford the Newfy diddler in pissy pampers ASAP EH Mr Baconfat?

Apparently you bastards are all shitting bricks after purported true confessions that your pals the dumb shills Dirty Dicky Dean and Dana Baby Durnford published on the Internet. One was hooked at the hip with the Hells Angels and the other with the Outlaws and they are now both informants for the RCMP? Now that is truly funny.

All I am is a scooter tramp whom everybody and his dog attacked because I happened to blow the whistle to the IRS in order to protect the rights and interests of my little Clan.

Many years later after the economy tanked Bernie Madoff was forced to spill some beans and make a deal in confidence with the corrupt Feds attacking mean old me. The Feds sic a drunken Zionist spin doctor and the RCMP on mean old me and think that I don't know the score?

As I always said I am too dumb to know fear and you can't fool me because I am too stupid. However on the other hand people such as you Mr Baconfat prove to me on a daily basis that the Forest Gump character was a truly wise guy.

"Stupid is as Stupid Does"

Before you practise your MO and make this comment go "Poof" then deny it you should well know by now that the proof that it was once posted in your evil blog is winging its way to many other people who hate you as much as I do. We all deserve to have a good laugh reading the words of a perverted pussy pissing in his pampers as an evil Zionist starts packing his bags to return to his purported promised land. You ain't a true Canadian not by any long shot of any sniper that you dudes have been promising to send against me for years. The likes of you evil bastards are not welcome in MY nativeland as long as I have breath to say or do anything about it EH?

Say Hoka Hey to you buddy Gaby Baby for me when you get back to your precious safe harbour will ya MR Baconfat?

Obviously your butt buddy Dana Baby posted this shit in my old blog first thing Sunday morning. What better day to return the favour and post it in his pal the Zionist blog? Who is celebrating what lately? It's hard to keep up with all your religious freaks and your silly rituals.

Amos...since you or whoever decided to once again bring 1% bikers into this, maybe it's high time I brought out into the open something that I think you already knew but for whatever reason never mentioned.

You know I used to ride before my diving accident. Most people don't know that. At any rate Amos...remember the first ghost account I attacked you and Werner Bock with last year? PortHardyOFFO was the name. Now Amos...I know YOU know what this means, but I wonder for everyone else's benefit if they can put it together.

O-F-F-O

1%-ers...O-F-F-O...the fact that I'm not afraid to talk about the Hell's Angels and what FAGS they are...O-F-F-O...

Every cop Amos sends this to just shit massive bricks, and Amos climaxed all over himself with excitement. Trouble is, NOT EVEN THIS revelation is going to get me in any trouble Amos.

What part of PROTECTED ASSET don't you understand you fuckin idiot?

Well well Mr Baconfat

Thanx for admitting that you are the dude down the road from Sean Lowe of National Security who has visited your butt buddy Dirty Dicky Dean in the past. No doubt it was on your behalf because in early 2007 you asked for some Intel on who he was aand where to find him CORRECT?

Then when you attacked Robin Reid and I this spring You got very nervous months ago when I informed her about you becaue you thought she was a guy, That was truly funny but what your associates did to her certainly was not.

On the topic of your falsely accusing me of being an Aniti Semite or a pedophile or any of my family members acting in such a fashion, where is your proof to support such slander or beeter yet who is your lawyer Barry Baby?

With regards to Jews I respect some and others I don't the same holds true for Catholics, Bikers, Quakers and Frenchmen or many a merry band of brothers that you wish to name. I belong to no associations whatsoever. However I do hate ALL zionists and facists and evil people such as yourself. You are the type of miserable bastards who start wars and then revel in them. The fact that you have been pounding on the drums of war against Iran is proven within nearly every piece of malicious work of yours that I have managed to find published on the web. You are one very sick evil old dog of war of that I have no doubt. However if you were ever in the military as you claim and an officer too boot then you likely never had to get your boots dirty or bloody your hands. Did ya? You fancy dudes leave such dirty deeds to the great unwashed. You snobs just get to brag about it at fancy dinner for years afterwards tis all.

You also go on and on about Bernie Madoff and I but you seem to forget what you published in your blog back in June. What part of the US Attorney's email to me do you think is BULLSHIT? Furthermore within that email exchange aren't most of the lawyers I am communicating with jewish? Where do you zionists wish to claim that the 65 billion or so went? To the Vatican or thin air? I will bet dimes to dollars that zionists got it all.

You don't celebrate jewish holy days thus methinks you are not a jew. However you are still a zionist nevertheless CORRECT? When you called Bernie Madoff a jewish thief I believe you were showing your nasty arse as an anti semite and inviting me to boot it and so I shall.

You tell me not to post email addresses etc. Perhaps you should check your work and read my comment real slow and wonder what I will post next EH Mr Baconfat? Today is D Day in the House of commons for your hero Harper. Lets see if an old bike mechanic can through awrench in the works byway of you. Guess who is calling a lot of liberal and NDP poeple and pointing his fingure at your blog? Thanx for not making it go "Poof"

Yo Mr Baconfat

Remember this blog of yours?

<http://baconfat53.blogspot.com/2009/06/did-you-tell-mla-elniski.html>

I forgot to ask the all knowing zionist something rather politically important. You boast of your knowledge of me being denied my rights under Section 2 of the Charter and being illegally banished from parliamentary properties while I was exercising my rights under Section 3 of the Charter and running for public office but you fail to say why. How come? You had lots of mean nasty ugly things to say about such things this spring on Danny Boy Fitzgerald's blog until he deemed it fit to block you and I from our spit and chew. Correct?

<http://qslspolitics.blogspot.com/search?q=amos>

Whereas of late you seem to be developing a certain sympathy for your fellow devils on the opposite side of the political barbed wire that surrounds the House of Chickenshits in far off Upper Canada, are you gonna be nice to the lady NDP lawyers in your wicked western town now? After all their sneaky federal boss Jacky Boy ordered them all to kinda sorta support your puppet master Harper and they obeyed. Even the dumb Newfy Harris of Danny Boy Millions old law firm did as he was told today by "The

Powers That Be" in upper Canada. Furthermore the lady lawyers did not sue you long ago for your obvious slander of them.

<http://baconfat53.blogspot.com/2009/06/rachel-notley-should-shut-fuck-up.html>

While on the topic even the Canadian Human Rights Commissioners never defended her supposed good name either and at least one is a QC nonetheless. A purported former military officer should have some sort of respect for that label EH? Hell you don't even have any respect for my family some of whom are still in military service you even denied that my father's friend whom I am named after David Hornell won the Victoria Cross.

You brag of your father and uncle landing in Normandy but deny that my mother's brother Raymond did too(I am also named after him as well) Raymond was killed on June 7th Who knows he may have even been friends with your father and uncle. I will lay odds that a lot of ghosts are rolling in their graves over your bullshit about my family history in an effort to try to impeach my character. Whereas I was honoured to be given decent men's names, consider me a witness for the dead so that they may rest in peace. In my humble opinion YOU are the kind of character my forefathers and their friends fought against. Need I say again that I am PROUD that the likes of you hate mean old me?

<http://baconfat53.blogspot.com/2009/06/welcome-to-alberta-human-rights.html>

I was not born yesterday in fact Werner Bock and I are both older than you Barry Baby and I have come to expect malicious treatment from corrupt law enforcement authorities and abuse from evil people such as yourself. However the fact that your slander of Muslims, First Nations folks and the Commissioners of Human rights was ignored by them and her flat out amazed me. I figured your goose was cooked for sure when you did that.

Need I say I was not surprised when you "Poofed" all my posts in defence of my fellow man?

<http://baconfat53.blogspot.com/2009/06/indian-thieves.html>

Hence these observations of mine and the diddler Dana Durnford's recent bragging within in my blog brings me to a certain conclusion.

Methinks the RCMP must have you listed as a "Protected Asset" just like your cyber butt buddies Dirty Dicky Dean and the perverted Newfy pampers Diddling Dana Durnford. How else can you be allowed to slander, sexually harass and threaten to kill people on a daily basis with immunity from prosecution?

True? or False?

For the public record the links provided above are from YOUR published work not mine

N'esy Pas Mr Baconfat?

David Amos and the rest of the conspiracy retards say the "pandemic" is a plot, a conspiracy for the UN or the New World Order or big business, or One World Government, or the illuminati or the Jews to ..."kill us all off and rule the world. I read somewhere that one can measure a man by the strength and number of his foes. I must admit I have a lot of them. How about you whimpy?

It is a small wonder to me that you don't have the balls to truly ID yourself after all the people you have attacked in this blog alone.

As the expression goes were you born an asshole or have you worked at it your whole life?

Tell me do you have any friends at all? The people you name and attack are clearly friends of mine. I have yet to see you name even one friend of yours. You seem to up around the clock. I suspect that you are more than one person because who often contradict yourself within this blog. Thus perhaps you have a couple of friends under that rock with you EH? Sometimes you have remarked that you could be a lawyer but then sometimes you talk as if you are soldier. One thing is for certain you are a rather redundant bullshiter.

Not once have you offered any documentation to support any of your statements in regards to your false allegations against me. Got a lawyer yet Barry Baby or is it the lawyer who is on shitty shift tonight? EH Ezra?

Shut the fuck up...and die Byron Prior

Stop your Fucking whining, Byron Prior! Fuck you! I am sick of you bleating about "justice". YOUR MOTHER fucked everyone in your Newfoundland community.

She fucked everyone from you and your siblings to whomever could give her a smoke and a drink...to the dogs of the village.

The freemasons are NOT to blame, the orangemen are NOT to blame and if Alex Hickman FUCKED your Mother and sister...he was one of hundreds. AND NO ONE CARED, why...is it a Newfoundland thing? Byron Prior's father did NOT care who fucked his wife, did not care if his children were abused, their Newfoundland villiage joined in the abuse of the inbred children...And Now Byron Prior is incarcerated in a Newfoundland "bug palace".

If David Amos did any "legal work" for you ...that is exactly where you belong...hell that "merkan" pig probably fucked any number of your kids and the "villiage dog".

Mr. Prior...shut the fuckup and kindly die with some dignity.....you inbred bastard
