Hey the folks within Hermitage Capital

I am this David Amos

<http://qslspolitics.blogspot.com/2009/03/david-amos-to-wendy-olsen-on.html>

I truly believe we can be of great assistance to each other if you can prove that you are ethical to me. That would begin by way of a simple telephone conversation between Bill and I.

FYI I saw Bill Browder on BBC this morning whilst getting info on Greece, RBS and the stock markets etc. This is the first I became aware of him or your company and its actions. I was impressed enough by what Bill said on BBC (About Cameron, law firms and oil companies) to check him out while waiting to see how investor dudes in the Big Apple would respond to the news about banksters. I must say I was even further impressed by Bill. I do measure people not by what they say but how they say it and then far more importantly by what they do. Here is one example proving that I am a quick study and did not contact you folks out of the blue.

<http://www.youtube.com/watch?v=84MsRuC-1l8>

If what I am reading within Wiki is true Trust that I can assist Hermitage Capital in exposing lots of corruption in the so called "Free World" for everybody's benefit and ours in particular. By way of the news of the stock markets today I believe a good place for us to start would be the Royal Bank of Scotland. Let just say that I have a rather huge bone to pick with RBS and the Queen but they are far from the worst players when it comes to matters of money. However they do serve as a huge embarrassment to Cameron and his lawyer and bankster pals in front of our fellow taxpayers. RBS lost a lot of money to Madoff yet continued to assist in the cover up of my matters for no reason I will ever understand.

http://en.wikipedia.org/wiki/Hermitage_Capital_Management

"Hermitage is an activist fund. One of its main tactics is to expose corporate corruption in the companies it is holding, in the hope of improving managerial behaviour and lessen the significant discount that corruption has on share prices."

The forwarded email exchange with the purportedly ethical lawyer and "SEC Whistleblower" and the FSA and RBS should at least prove that this is no joke but a sincere effort to make contact with Bill

Please have Bill call me ASAP if your company is truly legit

FYI I am the unnamed Whistleblower that Mr Nester of the SEC mentioned in 2009 who is the link from Putnam investments and Madoff matter

To support , my allegations first and foremost Eric Schneiderman should see that Eliot Spitzer testified on the very day he thanked me for the info in November of 2003.

Please notice the transcripts and webcasts went of th Senate hearings "poof" not long after I made the congressman Ron Paul and legions of others well aware of their existence as he bitched about such things whilst running for the GOP endorsement to run for president in 2007. The records of the hearings were deleted in late fall 2007 just as all

the subprime mortgages began to smell bad.

Now check the dates on the letters in this file page 13 in particular

<http://www.checktheevidence.com/pdf/2526023-DAMOSIntegrity-yea-right.-txt.pdf>

BTW I just discovered you and your client Darcy Flynn byway of these news reports

<http://www.rollingstone.com/politics/blogs/taibblog/nyts-dealbook-comes-to-the-secs-defense-20110823>

"My first clue came when I called the SEC before the story came out and asked them about the allegations by SEC attorney/whistleblower Darcy Flynn. I sent them a detailed questionnaire, both about the document disposal and the mini cover-up among SEC higher-ups like former Goldman executive Adam Storch (who was not sure he should "take on this exposure voluntarily," because the SEC FOIA officer told him there "might be criminal liability"). Then, when I called back, I expected them to deny the whole thing and trash Flynn as an unreliable disgruntled employee.

They did none of that. Instead, to my amazement, SEC spokesperson John Nester copped to the document destruction right away when I got him on the phone. When I asked him how long it had been going on, Nester not only offered that it had been "at least the early nineties," but volunteered, without my even asking about it, that he couldn't be sure it hadn't "always been the policy." He didn't deny any of Flynn's allegations at all. It was a very weird call - I kept waiting for the other shoe to drop, and it never did."

http://aguirrelawfirm.com/lawyer/Gary-Aguirre_cp3221.htm

I can be found all over the web as well but I am largely mentioned by people trying hard to impeach my character. However it is the documentation that is truly important not the malicious spin on them.

A portion of the email below can be found within the following link or simply Google Amos and Madoff and anyone can find it

I am responding to your several emails and your implied or explicit request that I provide some form of legal assistance to you.

Hmm

Mr Vittor need I remind you again of the code of conduct for an
officer of a publicly held company?

Watch out the FEDS don't pay you dudes a visit to check your emails
and records . Your S&P stooges certainly pissed off Obama and the
boyz. Watch out they don't start acting within the scope of their
employment and investigate why you people supported that sub prime
nonsense that caused the world a lot of heartache. Piss of the corrupt
politicians all you wish They made the taxpayers bail out the
banksters who caused the economy to go in the can. Need I say that the
dolt John Chambers suggesting the people pay more taxes did nothing

for McGraw Hill's PR?

It appears these are the three main S&P stooges that picked a fight with Obama EH? John Chambers should not deny that I just left him a wicked voicemail on behalf of fellow taxpayers. If they truly mean what they say they should study the attachments and write me back ASAP.

John Chambers, New York (1) 212-438-7344 Nikola G Swann, Toronto (1) 416-507-2582; David T Beers, London (44) 20-7176-7101

Even if the stooges don't write and the Feds don't do their job it seems that some people with S&P read my emails today whilst you were on vacation and the stock markets took a dive. I figure I would give them some more info just in case somebody is ethical. Obviously they tried surfing the net to figure out who I was instead of calling me EH Mr Vittor? Didn't you bother tell your help in 2004 just how pissed I was at McGraw Hill, the entire US Congress, their many minions (the DHS in particular), the Canadian government (the RCMP in particular), the banksters and of course your old buddies in Accenture? Remember when you had some nonme nobody in Boston call me to tease me in 2004?

Next time try calling back yourself? (902 800 0369) I will provide a link to one of the files just in case you don't trust my attachments and wanna say hoka Hey for me to Mr Green.

<http://www.scribd.com/doc/10975148/Providian>

You cannot deny that Providian bank knew all about Accenture and I before they were bought up by you know who and then by Stevey Boy Cutler's new bosses J.P Morgan

<http://investor.shareholder.com/jpmorganchase/releasedetail.cfm?releaseid=221763>

<http://online.wsj.com/article/SB122238415586576687.html>

If McGraw Hill and the wannabe Senator Obama had used what I sent you dudes in 2004 and did the right thing against Bush and his cohorts imagine how things would be different today EH?

Checkout the file attached called "Integrity Yea Right" (check the date on page 13 in particular) I do declare the missing webcast and transcript of this Senate Banking Committee hearing should be called the "Tale of Two Lawyers".

http://banking.senate.gov/public/index.cfm?FuseAction=Hearings.Hearing&Hearing_ID=90f8e691-9065-4f8c-a465-72722b47e7f2

And in case you don't trust attachments

<http://www.checktheevidence.com/pdf/2526023-DAMOSIntegrity-yea-right.-txt.pdf>

Way back then when I was incourt agains the Feds Cutler was failing to do his job in the SEC and Sptizer was the Sheriff of Wall St. Both of them are incredible bullshitters who make Madoff a saint in comparision. Now Cutler has a really lucrative job with JP Morgan and Spitzer is now just another know it all loser who lost the Limelight in CNN just as the stockmakets were diving again

Well Mr Vittor if you don't want to bother with a pissed off Maritimer whilst trying to enjoy your very well timed vaction why not have David Beers call me? The NYT claims he enjoys a good scrap. Me too. My Keith forefathers loved giving the Brits Hell as well.

I must say using the old Netscape browser is clever but if your help gonna surf the blogs below then in my humble opinion these are the best spots to start.

I seem to have some trouble providing a link for Mr Miller's blog

Hmm

Perhaps somebody in CNN should talk to their ex employee Eliot Spitzer ASAP after they read page 13 found in the link within my latest tweet to @CNNpr if someone hasn't deleted the info behind that link as well EH?

<http://cnnpressroom.blogs.cnn.com/2011/08/07/larry-summers-and-steve-forbes-on-sp-dowgrade/>

Here is the latest link

<http://www.scribd.com/doc/2718120/Integrity-Yea-Right>

Anyway Steve Forbes knows everything is political and largely for the benefit of banksters just like his old buddy Brian Mulroney and I do.

Ask Bloomberg he knows everything EH?

Ask our latest Prime Minister if I am a liar or not

<http://davidamos.blogspot.com/2006/05/harper-and-bankers.html>

At least Forbes was somewhat honest today

S&P were not

http://www2.standardandpoors.com/spf/pdf/fixedincome/Toward_A_Global_Regulatory_Framework.pdf

<http://www.sec.gov/comments/4-622/4622-14.pdf>

I am certain that CNN and the NYT agree that whatever Rupert Murdoch's Wall Street people may wish to say about anything should be questioned out of the gate because if nothing else the rest of this email should forever prove ol Rupert knew the truth of my concerns with the very corrupt SEC way back in 2002. So did Kenneth M. Vittor of McGraw Hill as well in 2004. Hell his people in even called me with many questions after I notified them of my disgust with their hosting a big convention with Accenture in the Big Apple as Bush was seeking his second term.

I heard you speak on CTV up in Canada just now. if you mean what you say perhaps you should check this out and call me 902 800 0369.

Do you see Eliot Spitzer testified on the very day.

he thanked me for the info? The transcripts and.

webcasts evaporated from the not long after I made the congressman.

...Ron Paul and legions of others well aware of it whle running for the.

GOP endorcement to run for president in 2007 and just as all the subprime morigages began to smell bad.

Now check the dates on the letters in this file page 13 in particular.

<http://www.bloomberg.com/news/2011-07-25/bskyb-directors-face-4-2-billion-quandary.html>

Interesting quandary you bskyb dudes have. Seems it just got worse EH Jac?

Clearly you and I crossed paths bigtime before TWO IMPORTANT elections in Canada last year and obviously News Corp and Bloomberg's pal Joel Klein's old buddies in the US Justice Dept and the SEC etc pissed me off way back in 2002 EH?

Need I say i did not like it when and heard of corrupt cops in seven cars pounced on my son and I at 2:30 in the morning about two weeks after i received this email from you with the attached letter. Small wonder Stevey Boy Harper stopped the BHP take over bid of Potash when he could not get th RCMP to shut me up EH?

BTW the pdf file hereto attached that should refresh Siskind's and Jacobs memories can be found here as well the letter you sent to me last September

<http://www.scribd.com/doc/60818237/FCC-News-Corp>

Although my contempt towards greedy publicly held companies is well known my desire to expose corrupt law enforcement people is far higher on my list of offensive things. If old Rupert were wise and his son is clever perhaps they should have somebody finally call me back ASAP.

Perhap Ruper Murdoch can figure how to deal with an honest man ethically for the benefit of many shareholders and the chagrin of the SEC and Barack Obama EH?

News Corp has the media and I have the evidence. Why not pretend I am Monte Hall and lets make a deal for the benefit of all. Try leaving the dark side and ignoring your crooked lawyers for a change. What say you Rupert? Dickens wrote books about such things.

First and foremost do you see Eliot Spitzer testified on the very day he thanked me for the info? I ask again where did the transcripts and webcasts go not long after I made the congressman Ron Paul and legions of others well aware of their existence as he bitched about such things while running for the GOP endorsement to run for president in 2007? For the PUBLIC Record the records of the hearings were deleted in late fall 2007 just as all the subprime morigages began to smell bad.

Now check the dates on the letters in this file page 13 in particular

FYI After I called a lot of parliamentarians, the RCMP and the FBI I noticed this hit on a blog about me this morning. I have no doubt the following emails is what they were reading so I called Fred Wyshak and read him the riot act once again byway of his voicemail within the US Attorney's Office and then called the WBUR newsroom

Some of the documents within this file are signed by your boss the US Attorney Michael Sullivan and it was me he was trying to argue about a great deal of money as he covered up for the actions of corrupt US Treasury Agents Correct?

<http://www.scribd.com/doc/2619437/CROSS-BORDER->

And this is a true copy of one of many American Police surveillance wiretap tapes that I have in my possession many law enforcement authorities in Canada and the USA have received and acknowledged Correct?

<http://www.archive.org/details/PoliceSurveillanceWiretapTape139>

Who the Hell do you think chucked them in the garbage in Boston many years ago? Here is your clue.

http://www.boston.com/news/local/massachusetts/articles/2008/09/16/connelly_portrayed_as_corrupt_agent/?page=full

Furthermore Didn't Connolly tell the bartender's daughter Whitey Bulger buried some of his victims just outside Yarmouth in the crooked politician Robert Thibault's riding in Nova Scotia?

Must I sue you too Fred???

My concerns are far from confidential never mind what I know about
BANKERS and the US Treasury Dept etc

MURDER is a capital crime CORRECT? Connolly the ex FBI Agent's long delayed trial started today and I am the guy with the wiretap tapes that he threw out long ago. Why the Hell do you think I took such a chance with the corrupt RCMP last week and recorded me serving a copy of one wiretap tape upon them in Youtube before your boss Stevey Boy Harper had his buddy the Governor General drop the writ?

Scroll down you will see that I am no liar. I posted this email there as well.
